II: SQL SERVER CONFIGURATION

The following are the minimum requirements when hosting your own server (on-premises or in the cloud).
ICCO offers a hosted SQL Server option which takes care of these requirements for you.

A. Minimum server hardware required

- 4 GB RAM, 100 Mbps Network Card, 2 GHz processor
- 50 GB hard drive for up to 5 users (For 5+ users follow our SQL Server guidelines)
- Network connection to the Microsoft SQL Server:
 - On-premises option: 100 Mbps LAN
 - Cloud option: 1.5 Mbps internet connection (for up to 10 users)

B. Minimum Software required

- Microsoft Windows Server 2008R2/2012/2012R2/2016 *
- Microsoft SQL Server 2014/2016 **
- Server setup on the domain and domain users granted access using Integrated Security
- Microsoft SQL Server Reporting Services Installed and Configured
- .NET Framework 2.0 SP2, 3.5 SP1, 4.0, 4.5, 4.7 (FREE)

III: ADDITIONAL REQUIREMENTS FOR OPTIONAL WEB INTERFACE

A. Minimum server hardware required

- Similar to II A. Separate web server recommended.

B. Minimum Software required

- .NET Framework 2.0 SP2, 3.0 SP2, 3.5 SP1, 4.0, 4.5, 4.7 (FREE)
- Internet Information Services (IIS) 7.5/8.0/8.5/9.0
- SSL Certificate (for HTTPS secure connection)
- CLR Types for SQL 2014
- 2015 Reporting Runtime
- Rewrite module (<https://www.iis.net/downloads/microsoft/url-rewrite>)

IV: REQUIREMENTS FOR REMOTE SUPPORT AND INSTALLATION

LogMeIn or Terminal Services through a fast internet connection to allow ICCO remote access to the Program and Database to perform installation and support services.

V: OTHER CONSIDERATIONS

- Customer is responsible for setting up and maintaining in working order ALL the hardware and software specified in this Exhibit B.
- Customer is responsible for backing up the data and system files on the server and clients (workstations).
- Minimum technical requirements reflect the minimum hardware and software required to run the Program on a single user license.
- For recommendations on a multi-user environment please contact our technical support department.
- Generally, the latest service packs from Microsoft are required. ICCO will notify customer otherwise.

* 32 and 64 bit environments supported. Pro Edition enables Integrated Security with Windows.

** All editions supported except SQL Express Edition. Standard or Enterprise Edition recommended.
